

Amani White

DATA ANALYST

Email: amani_g_addison@hotmail.com
Github: <https://github.com/amaniwhite>
LinkedIn: www.linkedin.com/in/amani-white

PROFESSIONAL SUMMARY

Data Analyst with strong experience in customer data, specialising in **SQL**-driven analytics, stakeholder reporting, and insight generation. Proven ability to transform **large datasets** into actionable insights that influence business decisions and customer strategy. Currently expanding into **statistical modelling** and predictive analytics using **Python** (that includes: **pandas, NumPy, Scikit-learn**), with hands-on experience building **regression models**. Strong foundation for transitioning into credit risk modelling and decisioning environments. Proven ability to also train colleagues and clients in reporting and analytics.

TECHNICAL SKILLS

SQL	Python	Apache Superset
Data Analysis	Visualisations	Regression Modelling
Reporting	Customer Behaviour Analysis	Detail Oriented

CURRENT POSITION

March 2023

Analysing and building data reports for clients to provide customer insights and ensure accurate decision-making. Work within a small team with responsibilities that include, but are not limited to, developing and optimising SQL queries, creating and maintaining dashboards in Horizon (Apache Superset), and analyse large-scale financial, customer, hospitality, and event datasets to generate insights
